

Designed for door applications requiring a small footprint card reader, multiCLASS SE® RP10 supports a broad array of high frequency 13.56 MHz and low frequency 125kHz credential technologies and a variety of form factors including; cards, fobs and mobile devices. Configurable to support HID Mobile Access®.

Key Features

- **Adaptable** – Interoperable with a growing range of technologies (iCLASS Seos®, iCLASS SE, iCLASS®, MIFARE® Classic, MIFARE DESFire®EV1) and form factors including mobile devices.
- **Powerfully Secure** – The iCLASS SE platform’s Secure Identity Object® (SIO®) data model provides an extra layer of encryption for additional protection of identity data
- **Standardized Communications (OSDP)** – Uses Open Supervised Device Protocol (OSDP) for secure communications between reader and controller.

With a focus on sustainability, iCLASS SE platform readers include intelligent power management that reduces power consumption by as much as 59%. Selected models also have Environmental Product Declaration certification and Green Circle certification, which contributes toward LEED building credits.
